

Millwork - Recessed - 90° Mounting Angle

Specification Submittal

Millwork - Recessed - 90° Mounting Angle is designed for woodwork and millwork applications and provides a refined, recessed luminaire tailored for shelves, desks, and counters. Designed to fit precisely into 1/4 in. wide by 3/8 in. deep milled slots in hardwood, plywood, and MDF. Its angled back ensures effortless installation, while the retention ridges inside the profile firmly secure the light engine in place, delivering a polished and professional result that fills the milled slot perfectly.

⚙ Features & Benefits

- Complete fixture includes factory pre-wired end piece for easy and fast installation
- Flawless, continuous smooth glow of light with no inconsistencies
- Chamfered edged back effortlessly directs the channel into the milled slot, ensuring swift and hassle-free installation
- Retention ridges inside the profile securely hold the light engine in place, ensuring a smooth and straightforward installation
- External retention ridges grip the wood or particle board to securely hold the channel in place
- Create a precise 5/32 in. hole along the V-grooved drill guide for power access exactly where needed, or neatly route wires through the channel's end.
- Superior color rendering
- High R9 and R13 values
- 2-step MacAdam ellipse for unparalleled quality and consistency
- Complete UL Listed Luminaire

📏 Dimensions

Fixture Cross Section

Fixtures are supplied with Optique's remote Universal power supply supporting 0-10, 1-10V, MLV, ELV dimming and voltage input from 100V-277V.

Fixture Configuration Upon Delivery

All fixtures are shipped **pre-configured for easy installation**. Each unit includes a **Factory Pre-Wired End Piece**, ensuring a clean and efficient wire management solution. This feature eliminates the need for additional wiring through the channel, allowing for a streamlined installation process.
